## UCSD Student

(760) 626-5656  
tth002@ucsd.edu

---

### Skills

---

HTML & CSS, Javascript, Java, Figma, InVision, Photoshop, Illustrator

---

---

### Experience

#### Transdeco / Web Developer

April 2020 - July 2020

Worked with another developer on WordPress to create an ecommerce website for a client. Incorporated UI/UX best practices in website design and layout, as well as responsive designs for mobile platforms.

#### UCSD Optometry / Graphic Designer

Nov 2020 - Feb 2021

Utilized Canva and put graphic design skill in order to set up and create instagram posts.

---

---

### Education

#### University of California, San Diego / B.S. HCI

Specialization in Design and Interaction

Sept 2021 - June 2023

---

---

### Projects

#### Backstage

Created an event-exclusive application that facilitates artist-to-fan and fan-to-fan interactions at music festivals. Accomplished competitive analysis and created low-fidelity prototype using Discord.

#### Gmail Redesign

Redesigned Gmail to bring awareness to carbon footprint and its consequences. Created high-fidelity prototype on Figma.
